

DARA  
SANITARY WARE

## 🕒 Company Overview

Dara Trading Company offers its sanitary ware products with the best and highest quality in the Middle East by using committed and specialized staff and modern knowledge in the world. The most important features of this company are the high quality of the production line and the use of high-tech equipment and modern technologies, as well as the comprehensive quality control system. The sanitary ware in this company is made of the best and highest quality raw materials using transparent glaze with a very high resistance to strong and acidic detergents. Dara Trading Company offers a variety of standard, durable and diverse range of sanitary ware products to customers and strives to be recognized as the largest exporter of sanitary ware in the world by exporting them worldwide and be recognized as the best exporter in this field.

## 🕒 Business Description

Sanitary ware is one of the most widely used products that are designed and produced for human health. These products are made of kaolin, which is a type of white clay and retains its whiteness after heating. The production stages of these products are shorter than before and the quality of the goods is much higher, since current sanitary ware is easily made using modern machines as well as high-tech laboratories. Asia is the largest producer of sanitary ware in the world, followed by the European Union as the second. Dara Trading Company has also managed to meet the needs of customers in this field and provide the needs of consumers with any style and taste by offering various sanitary ware with the highest quality level in the Middle East.

## Vision and Value

One of the main goals of Dara Trading Company is to produce high quality products to meet the needs of consumers, to gain a significant share of domestic and foreign markets, and to increase the variety of products. Customer orientation and providing appropriate services to customers are among the main values highlighted by Dara Trading Company.
